

**Victorian Integrated Cancer Services (VICS) 3rd Conference  
Thursday 11 May 2017 - Friday 12 May 2017  
Melbourne Convention and Exhibition Centre**

**As at 10 May 2017  
Program is subject to change**

**Thursday, 11 May 2017**

	Room 109 & 110	Room 109	Room 110	Room 111 & 112
09:00 - 09:30	<b>Conference Opening</b> <i>Chair: A/Prof Paul Mitchell</i>			
09:00	Conference opening and welcome			
09:30 - 10:30	<b>Plenary Session 1</b> <i>Chair: A/Prof Paul Mitchell</i>			
09:30	Health services research to improve quality of care for cancer care <b>Geoff Porter</b> (Dalhousie University in Halifax, Nova Scotia, Canada)			
10:30 - 11:00	<b>Morning Tea</b>			
11:00 - 12:30		<b>Using Research and Data to Improve Services</b> <i>Chair: Dr Peter Briggs</i>	<b>Are Patients Always Getting the Best Treatment Options</b> <i>Chair: Dr Sachin Joshi</i>	<b>Home to Hospital and Back: Partnerships in Primary Care, Supportive Care and Survivorship</b> <i>Chair: Ms Jo Gell</i>
11:00		1. The LEAD study protocol: Comparing lung cancer diagnostic and treatment pathways between Culturally and Linguistically Diverse and Anglo-Australian patients <b>Danielle Mazza</b> (Monash University)	7. Establishing a paediatric and adolescent oncofertility program: Uptake of procedures and acceptance of fertility decisions in families at a tertiary centre <b>Yasmin Jayasinghe</b> (Royal Children's Hospital, University of Melbourne, on behalf of the Fertility Preservation Taskforce)	13. Workforce capacity building in Victoria: The impact of cancer survivorship clinical placements on general practice <b>Georgina Wiley</b> (Australian Cancer Survivorship Centre - A Richard Pratt Legacy, Peter MacCallum Cancer Centre)
11:15		2. How do pathways and time to treatment compare for rural and urban colorectal cancer patients in Victoria? <b>Rebecca Bergin</b> (Cancer Council Victoria, University of Melbourne)	8. Development and pilot testing of a low health-literacy online fertility preservation decision tool for younger women with breast cancer <b>Michelle Peate</b> (University of Melbourne, Royal Women's Hospital)	14. He anga whakaahuru supportive care framework NZ. We did it now what? <b>Sue Wragg</b> (Central Cancer Network)
11:30		3. Rural ambulatory cancer care: Tailoring supportive care screening to meet the identified need <b>Cynthia Opie</b> (University of Melbourne), <b>Lynette Jeffreson</b> (Echuca Regional Health)	9. Adherence to active surveillance amongst men diagnosed with prostate cancer in the prostate cancer outcomes registry – Victoria <b>Melanie Evans</b> (Monash University)	15. Connecting and supporting rural women with cancer - What general practitioners told us <b>Fiona McRae</b> (BreaCan, Women's Health Victoria, Australia)
11:45		4. Developing a suite of state-wide cancer performance indicators: a proof of concept <b>Andy Newton</b> (Victorian Cancer Performance Monitoring Framework)	10. Optimising consumer access to lymphoma clinical trials: a network approach that works <b>Mirela Matthews</b> (NEMICS)	16. Transition to wellness - the role of a nurse-led survivorship clinic for early breast cancer patients <b>Janelle Finn</b> (Monash Health), <b>Hazel Lewis</b> (Monash Health)
12:00		5. Establishing clinical quality indicators for lung cancer care in the Barwon South West region: Outcomes from 2009 to 2014 <b>Michelle Kim</b> (Department of Cardiothoracic Surgery, Barwon Health, Victoria)	11. Implementation of a Lymphoedema Surveillance Program in the Ballarat Health Services Breast Clinic <b>Susan Eaton</b> (Australasian Lymphology Association)	17. Documenting goals of care and prognosis of patients with advanced cancer: a tertiary cancer centre review of internal and external correspondence <b>Francis Ha</b> (Austin Hospital, Olivia Newton-John Cancer Research Centre)
12:15		6. The utility of the mayo clinic's early screen for discharge planning tool in an inpatient oncology population <b>Sharni Patchell</b> (Peter MacCallum Cancer Centre)	12. How the economic theory of market failure applies to regional chemotherapy services <b>Ilana Solo</b> (LMICS)	18. Does the NCCN problem list include all the psychosocial concerns experienced by an Australian cancer population: A qualitative investigation <b>Melinda Williams</b> (BSWRICS, Deakin University)
12:30 - 13:30	<b>Lunch and Poster Viewing</b>			
13:30 - 15:00		<b>Using Research and Data to Improve Services</b> <i>Chair: Ms Jane Williamson</i>	<b>Listening to Patients to Influence Better Care</b> <i>Chairs: Mrs Marilyn Dolling and Ms Elaine Wood</i>	<b>Home to Hospital and Back: Partnerships in Primary Care, Supportive Care and Survivorship</b> <i>Chair: Ms Ilana Solo</i>
13:30		19. Elearning programs are an effective platform to improve malnutrition knowledge <b>Lauren Atkins</b> (Peter MacCallum Cancer Centre)	25. Why and how we developed consensus guidelines for diabetes management in cancer patients <b>Kathleen Steele</b> (St Vincent's Public Hospital)	31. Multidisciplinary outpatient oncology rehabilitation – does this model meet the needs of cancer survivors? a retrospective audit <b>Kathryn Rorke</b> (St John of God Bendigo Hospital)
13:45		20. Understanding the education needs of nurses working in paediatric cancer in Victoria <b>Angela Caruso</b> (Paediatric Integrated Cancer Service)	26. Using a co-design approach to generate meaningful recommendations for all stakeholders when accessing and implementing cancer care in the Grampians <b>Richard Osborne</b> (Deakin University, Health Faculty)	32. Collaboration to promote oral health for cancer patients <b>Vicki McLeod</b> (Monash Health)

14:00		21. Relevance and feasibility of a cancer based observation program for psychiatry trainees <b>Justin Dwyer</b> (St Vincent's Hospital, Melbourne)	27. Looking at complex medical issues through the eyes of a patient <b>Tanya McKenzie</b> (Peter MacCallum Cancer Centre)	33. Improving follow-up care for patients with low-risk urological cancers: A nurse-led clinic facilitating transition from hospital to community care <b>Sita Vij</b> (St Vincent's Hospital)
14:15		22. Improving patients' experiences? Findings from an exploratory study using a Virtual Reality (VR) head set device in stereotactic breast procedures in an oncology hospital environment <b>Karda Cavanagh</b> (Peter MacCallum Cancer Centre)	28. Psychiatric sequelae of corticosteroid use in haematology: A qualitative study <b>Di Clifton</b> (St Vincent's Hospital Melbourne)	34. General practitioners' insights into prostate cancer diagnosis and care in GRICS <b>Rasa Ruseckaite</b> (Monash University)
14:30			29. Decision support tools in paediatric and adolescent oncofertility for clinicians and parents <b>Yasmin Jayasinghe</b> (Royal Children's Hospital, University of Melbourne, on behalf of the Fertility Preservation Taskforce)	35. Wimmera tele-oncology experience <b>Carmel O'Kane</b> (Wimmera Health Care Group)
14:45		24. Initial experience of cancer patients' IT portal use in a regional setting <b>Paul Fenton</b> (Epworth Radiation Oncology)	30. Decision regret in families being offered fertility preservation at the royal children's hospital <b>Yasmin Jaysinghe</b> (The University of Melbourne)	36. Implementing Pathways for Cancer Early Diagnosis (I-PACED) <b>Amber Kelaart</b> (Cancer Council Victoria)
15:00 - 15:30	Afternoon Tea			
15:30 - 16:30	<b>Plenary Session 2</b> <i>Chair: Dr Zee Wan Wong</i>			
15:30	Best practice in cancer imaging: evolving role of PET Scanning <b>Michael Hofman</b> (Peter MacCallum Cancer Centre, Australia)			
16:30 - 17:00	<b>Day 1 Closing Address</b> <i>Chair: Dr Zee Wan Wong</i>			
16:30	Integration of Primary and Oncology Care: Lessons from Canada <b>Eva Grunfeld</b> (University of Toronto, Canada)			
17:00 - 18:00	Optimal Networking Function / Welcome Reception			

**Victorian Integrated Cancer Services (VICS) 3rd Conference**  
**Thursday 11 May 2017 - Friday 12 May 2017**  
**Melbourne Convention and Exhibition Centre**

**As at 10 May 2017**  
Program is subject to change

**Friday, 12 May 2017**

	<b>Room 109 &amp; 110</b>	<b>Room 109</b>	<b>Room 110</b>	<b>Room 111 &amp; 112</b>
<b>08:45 - 09:40</b>	<b>Plenary Session 3</b> <i>Chair: Prof Jeff Szer</i>			
<b>08:45</b>	Using research and data to improve services <b>Eva Grunfeld</b> (University of Toronto, Canada)			
<b>09:40 - 10:30</b>	<b>Plenary Session 4</b> <i>Chair: Ms Dianne Hill</i>			
<b>09:40</b>	The power of the word in transforming cancer care <b>Robyn Moore</b>			
<b>10:30 - 11:00</b>	<b>Morning Tea</b>			
<b>11:00 - 13:00</b>	<b>Using Research and Data to Improve Services</b> <i>Chair: Ms Kathy Simons</i>	<b>Listening to Patients to Influence Better Care</b> <i>Chair: Ms Mary Macheras-Magias and Ms Heather Davis</i>	<b>From Treatment Planning to Palliative Care - What is Best Practice Cancer Care</b> <i>Chair: Mr David Deutscher</i>	
<b>11:00</b>	37. Variations in care for patients with oesophagogastric cancer in Victoria <b>Paul Cashin</b> (Monash Health/Monash University)	45. Consumer-led communication skills training: Learning from the experts <b>Catherine Devereux</b> (Peter MacCallum Cancer Centre/ Victorian Comprehensive Cancer Centre)	53. Palliative care conversations - a comprehensive approach to improve referrals to palliative care <b>Tanja Bahro</b> (Southern Metropolitan Region Palliative Care Consortium)	
<b>11:15</b>	38. Is there a place for integrative radiation oncology in Victoria? <b>Darren Hunter</b> (Peter MacCallum Cancer Centre)	46. Listening to community: Integrating cancer screening to reduce health inequities <b>Rachel Mulqueeny</b> (Cancer Council Victoria)	54. Expanding the value of multi-disciplinary team meetings - data and process together is the key <b>Bruce Mann</b> (The Victorian Comprehensive Cancer Centre)	
<b>11:30</b>	39. Interrogating population-wide linked data for quality improvement: towards a cancer performance monitoring framework <b>Peter Briggs</b> (SMICS, Victorian Cancer Performance Monitoring Framework)	47. From the road less travelled to 'a common path': Production of patient information videos <b>Melissa Shand</b> (NEMICS)	55. Introduction of prostate seed brachytherapy to Gippsland <b>Arman Kuyumjian</b> (The Alfred)	
<b>11:45</b>	40. Monitoring self-reported patient experience in the Victorian Comprehensive Cancer Centre <b>Mei Krishnasamy</b> (Victorian Comprehensive Cancer Centre)	48. The community ambassador program: a peer to peer approach <b>Anna Mascitti</b> (NEMICS)	56. Investigating the characteristics of oesophagogastric cancer patients who do not have treatment planning through a multidisciplinary meeting: informing service improvement. <b>Amy Sutherland</b> (NEMICS)	
<b>12:00</b>	41. The use of regional faster cancer treatment data to inform inter district health board communication and referral processes <b>Tim Dunn</b> (Central Cancer Network) <b>Rebecca McDowell</b> , (Central Cancer Network)	49. Patients first - optimal care. A consumer perspective on a collaborative clinician and consumer partnership <b>Marilyn Dolling</b> (Cancer Council Victoria)	57. Building an ehealth tool to aid oncologists in educating young women about anticipating fertility decline after breast cancer treatment. <b>Michelle Peate</b> (University of Melbourne, Royal Women's Hospital)	
<b>12:15</b>	42. Using quality clinical registries to drive optimum care for patients: A prostate cancer example <b>Jeremy Millar</b> (Alfred Health and Monash University)	50. Consumer involvement in the development and delivery of an innovative webinar program <b>Annemarie Ferguson</b>	58. Lung MDT establishment at the Ballarat regional integrated cancer centre <b>Steven Medwell</b> (BRICC/Ballarat Health Services)	
<b>12:30</b>	43. Nurse-sensitive indicators: data development and its value to patient experience and service improvement <b>Tracey Daffy</b> (Wimmera Health Care Group)	51. The carers: photography & narrative <b>Pippa Wischer</b> (Construction of Us)	59. How do we know patients are getting the best treatment? <b>Jo Millard</b> (GICS)	
<b>12:45</b>	44. The myeloma and related diseases registry: a tool for practice improvement <b>Andrew Spencer</b> (Monash University/Alfred Health)	52. Survivorship care plans (SCPs) - what do cancer survivors want? <b>Nicole Kinnane</b> (Australian Cancer Survivorship Centre a Richard Pratt Legacy Peter MacCallum Cancer Centre)	60. Improving transition from hospital to home <b>Kaye Hose</b> (Austin Health)	
<b>13:00 - 13:45</b>	<b>Lunch and Poster Viewing</b>			

13:45 - 14:35	<p><b>Plenary Session 5</b>  <b>Chair: Dr Rob Blum</b></p>			
13:45	<p>Patient centred palliative care/supportive care: The optimal approach  <b>Brian Le</b>  (Peter MacCallum Cancer Centre and Royal Melbourne Hospital, Australia)</p>			
14:35 - 15:20	<p><b>Plenary Session 6</b>  <b>Chair: Prof David Ashley</b></p>			
14:35	<p>Panel  <b>Geoff Porter</b>  (Dalhousie University in Halifax, Nova Scotia, Canada),    <b>Eva Grunfeld</b>  (University of Toronto, Canada),    <b>Brian Le</b>  (Peter MacCallum Cancer Centre and Royal Melbourne Hospital, Australia)    <b>Mary Macheras-Magias</b>  (Consumer Representative and Health Issues Centre)</p>			
15:20 - 15:50	<p><b>Day 2 Closing Address</b>  <b>Chair: Dr Rob Blum</b></p>			
15:20	<p>Key Ingredients of an Optimal Cancer System  <b>Geoff Porter</b>  (Dalhousie University in Halifax, Nova Scotia, Canada)</p>			
15:50 - 16:00	<p><b>Conference Close</b></p>
